

Competitor	Primary focus	Strength vs your product
Vendelux	AI-driven event intelligence for event marketers and organizers.	Large event database, predictive modeling, strong event-marketing positioning.
Feathr	Sponsorship & exhibitor-level event analytics.	Sponsor-ROD dashboards, strong for big-budget sponsorships.
Paperless Post / Attendee Tracking	Registration & attendee tracking, check-in tools.	Simple UX, good for basic event tracking.
Semrush	General market & competitor data.	Broad datasets across industries.

Weakness vs your product
May be enterprise-heavy; less “light” or SMB-friendly.
Less focused on granular attendee-level “who’s attending what” for ABM.
No AI-driven ICP filtering or event-planning ROI layer.
Not event-attendee-specific; harder to tie to event-planning decisions.
